WHEREAS, the Publically Funded Health Insurance Contribution Act, commonly referred to as Public Act 152 of 2011, was filed with the Secretary of State on September 27, 2011; and

WHEREAS, Section 4(1) of the Act allows the Board of Trustees to determine to comply with Sections 3 and 4 of the statute by limiting the College's premium payments for health insurance to 80% of the total costs of all the medical benefit plans it offers, including the premium or illustrative rates, copays, deductibles, and payments into health savings accounts, flexible accounts, or similar accounts used for health care; and

WHEREAS, the College provides one or more such health care services benefits to qualifying employees; and

WHEREAS, health care services benefits insurance is provided or may be provided to certain College employees and dependents through insurance policies/contracts between the District and with one (1) or more companies or providers; and

WHEREAS, such health insurance may be provided in future years with policies with other companies or providers; and

WHEREAS, the Board of Trustees wishes, through June 30, 2018, to comply with the Act by limiting College's contribution to 80%, rather than through the imposition of the hard cap formula in Section 3 of the Act; and

WHEREAS, the Board of Trustees has determined that it is in the best interest of the College that the College comply with PA 152 by limiting its contribution to the 80% level consistent with Section 4 of the Act.

NOW, THEREFORE, BE IT RESOLVED THAT:
