Minimum Graduation Requirements

*120 total credits

*32 NMU credits

*16 credits of nursing major courses

*Fulfillment of all General Education

<http://www.nmu.edu/bulletin/general-education> (students completing the MTA will have fulfilled the general education requirements)

*Fulfillment of University Graduation Requirements

“There are four baccalaureate graduation requirements that students must complete. They are: (1) a laboratory science course; (2) a world cultures course; (3) written English competency; and (4) mathematics competency. While the baccalaureate graduation requirements are not, strictly speaking, part of the general education program, they often can be fulfilled by courses that meet the various general education components.”
