

TITLE: **ON - CAMPUS HOUSING**

For the purpose of serving students' needs and enhancing the educational and social experience necessary for a total educational offering, the college provides on-campus housing for single students.

The assignment priority for these ninety-six (96) spaces will be based upon the earliest date of request for space from incoming students and as described in the terms and conditions of occupancy which are printed on the student housing contract. Returning freshmen and sophomores may be eligible for housing if space remains as the academic year approaches (the Housing Office will establish the specific date annually).

Date of Adoption: 10/30/84

Revised: 1/29/92, 2/26/92, 4/30/13
