

## LOGIN Procedures for the Network, Email, My-GCC and Moodle

Gogebic Community College utilizes an online student web portal called (My-GCC) and an online classroom system (Moodle) for your use along with our network including GCC email. To access these systems, each student is assigned a unique and permanent Student Identification Number. This number is found on your schedule, statement of account, activity card, grade reporting forms, etc. Your Student ID Number serves as the Username on all portals whenever you access your personal accounts via the web along with your password which is case sensitive.

**Jane Doe**

---

**For Network, Email, MyGCC, and Moodle:**  
Username: **906906**  
Password: **jd906**

Jane.Doe@students.gogebic.edu  
Mail server: mail.gogebic.edu

\*Changing your password for one area (Network, MyGCC, Email, or Moodle) will not change it for the other areas.

### **My GCC (student portal):**

Access to student schedule, registration, billing information, financial aid, transcripts and more.

### **GCC Email:**

Access to your personal GCC email. Be sure to use this regularly for important information regarding your classes, registration, billing or events.

**Moodle – online course system:** Once you log in successfully you may not see all of your classes. Please be patient. Your instructor(s) must add you to their class(es) before you are granted access to the course content. Classes are not posted until the first day of each semester. (Note: if you registered late, content may not appear right away. Please contact your instructor if your class doesn't appear within five business days.)
