

Gogebic Community College Licensing Disclosure

Federal regulations require Gogebic Community College to disclose information for each educational program that has been designed to meet the requirements of specific professional license or certification that is required for employment in an occupation to indicate the state(s) where the program (or course) meets those requirements.

The table below discloses information related to the educational requirements for professional licensure and certification. Information is organized by Degree/Program/Course, the license/certification that is attainable for that degree/course, a list of states that the GCC program meets the educational requirements in, states that the GCC program does not meet educational requirements in, and the states where no determination has been made.

The information in the table below does not guarantee that any professional licensure/certification authority will approve a student’s application. Licensure is certification regulations are subject to change at any time, and students are encouraged to contact the applicable professional licensure/certification boards in their respective states for additional information regarding professional licensure/certification requirements. Requirements can include educational and non-educational requirements, such as testing, fingerprinting, drug screens, background checks, course content, and applications.

If you need any assistance, please contact your program/course director.
