

## **Statement regarding Vaccination Policy at Gogebic Community College**

Gogebic Community College does not have a policy regarding vaccinations which is generally applicable to students or employees. However, certain courses or programs, for example in health care related fields, may have requirements for specific vaccinations.

Specific requirements for our Allied Health programs can be found in their Handbook under the clinical policies section under health requirements. <http://gogebic.edu/collegedata/2017-18-nursing-student-handbook-revised-5-10-172.pdf>
