GCC Summer Youth Programs

★ **Picture Perfect Photography** ★

As social media has proven, a single picture is worth a thousand words. In this **NEW** program students will learn how to increase the quality of their photos and be introduced to the world of marketing!

TechArt Titans

With an increase in AI & digital gaming, programming is becoming more important than ever! In this program students will explore "behind the scenes" of popular technologies and produce their choice of tech project.

Metal Masters: Let's Weld!

Are you a student that likes hand on activities? Students in this program will create, build, and take home a product, as well as tour and utilize awesome welding facilities!

Rescue Rangers: Emergency Healthcare

If you like helping people and making a positive difference this program is for you! Here students will learn basic first aid and what it takes to be part of a team.

Eco-Explorers

This program is for anyone who likes to go outside and get their hands dirty! Here students will experience an unforgettable adventure in the heart of nature.

CNC Woodworking: Build, Create, Innovate!

If you like to build, then this is the program for you! Unleash your creativity as you dive into the art and science of CNC woodworking.

Next Gen Gamers

Love to play video games? In this program students will learn communication skills and techniques for playing on an ESPORTS team as well as how video games are made!

Kitchen Quest

Love to bake or fill your stomach with mouth-watering food? In this program students will prepare lunches & snacks while learning helpful tips & tricks for food safety & making healthy choices!
